Docket No. 98N-1265  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: For over a year and a half I have been  
working with my doctor in an attempt to deal  
with my menopausal symptoms. Since my doctor  
was very conscientiously trying to give me the  
least amount of hormones, and I had an episode  
of depression years ago, I was unable to convince  
her that I did not suffer from depression  
even though (continued other side)
